

# Pannelli Sandwich con Anima Alveolare in Alluminio

## Sandwich Panels with Aluminum Honeycomb Core

Il 'fascino' di una vasta gamma di finiture combinato con i vantaggi del pannello a nido d'ape in alluminio: leggerezza, alte prestazioni meccaniche, resistenza al fuoco, larghe dimensioni e facilità di installazione.

*The 'charm' of a wide range of finishes combines with the advantages of aluminum honeycomb panels: light weight, high mechanical performances, fire resistance, large sizes and easiness of installation.*

### LITHOCELL® honeycomb panel

Pietra Naturale  
*Natural Stone*

Tutta la bellezza della pietra naturale in appena 2 mm di spessore: pietra sottile, marmo, granito, onice, alabastro.  
*All the beauty of natural stone in just 2 mm thickness: split stone, marble, granite, onix, alabaster.*

### MIXCELL® honeycomb panel

Pietra ricomposta, Ceramica, Fibra di cemento  
*Recomposed Stone, Ceramics, Cement Fibre*

Le migliori pietre 'ricomposte', le più innovative e high tech a partire da 3 mm di spessore.  
*The innovative and high tech feel of the best recomposed stone materials from 3 mm thickness.*

### TUFICELL® honeycomb panel

Tufo Naturale  
*Natural Tuff*

L'eleganza antica e naturale del tufo in soli 2 mm di spessore: una solida pelle lapidea dalla tattilità vellutata.  
*The ancient elegance of natural tuff in just 2 mm thickness; a strong skin with a velvety smoothness.*

### XILOCELL® honeycomb panel

Impiallaccature Legno  
*Wood Veneers*

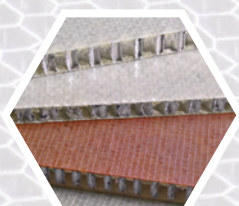

Compensato di Pioppo, Okoumè, Quercia, Tanganica, Mogano e MDF in soli 2/4 mm di spessore.  
*The Poplar, Okoumè, Oak, Tanganyika, Mahogany plywood and the MDF in just 2/4 mm thickness.*

### STAINCELL® honeycomb panel

Preverniciature - Colorazioni  
*Prepainting - Coloring*

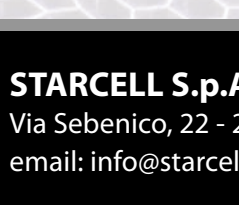

Una vasta gamma di fantastici colori applicati sia con mezzi tradizionali sia con procedimenti digitali.  
*A wide range of beautiful colours achieved by using industrial coating methods or digital procedures.*

### RUSTICELL® honeycomb panel

Corten  
*Weathering Steel*

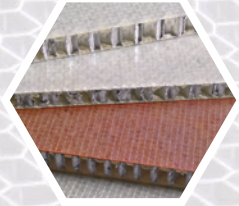

Un manto sottile, antico e contemporaneo, che il tempo colora con infinite variazioni di toni bruni.  
*A thin layer, ancient and contemporary, that the time colors with endless variations of brown tones.*

### METALCELL® honeycomb panel

Finiture metalliche  
*Metallic Finishing*

Alluminio anodizzato, Zinco Titanio, Rame e altre finiture metalliche per soluzioni innovative.  
*Anodized aluminum, titanium-zinc, copper and other metallic finishes for innovative solutions.*

### RAWCELL® honeycomb panel

Pelli Non Metalliche  
*Non-Metallic Skins*

Tessuto in fibra di vetro impregnato con resina epossidica (tessuto o rete) o fenolica e altre pelli non metalliche.  
*Fiberglass impregnated with epoxy resin (fabric or net) or with phenolic resin and other non-metallic skins.*
